Car Cuts 'Swath' In Lisbon

An Aliquippa couple was injured in this demolished auto early this morning in Lisbon when it veered off Route 30 inside the village southeast limits after crossing railroad tracks, hit the side of a diner, smashed over a pay telephone booth and rammed into a service station.

John Prince and his wife, DeLores, both 29, are in "fair" condition today at Salem City Hospital with multiple abrasions and bruises.

Police said Prince was headed down the Route 30 hill into south Lisbon about 12:30 a. m. when he apparently lost control

as the car went over the railroad crossing. Officers estimated his speed at 70 miles an hour.

The auto careened up an embankment and struck the side of Tommy's Diner, then hurled across an alley leveling a phone booth and slammed against two large plate glass windows at Serago's Service Station, coming to a halt near the gas pumps. A trail of downed diner signs and service station signs lay in its path.

Damage to the buildings was estimated at over \$6,000. The 1956 sedan was demolished, police reported.

Prince, a crane man at the

Jones & Laughlin Steel Co., and his wife had been at Guilford Lake yesterday and had obtained a room at a motel south of Lisbon last night.

Their three children—aged 12, 3 and 1—were being cared for by her mother while they were vacationing.

Prince was taken to the hospital in the Lisbon firemen's ambulance and his wife was conveyed by the East Palestine firemen's ambulance. Treatment was given the woman at the scene by a Lisbon physician.

Police charged Prince with reckless operation and he is due a hearing when released from the hospital.

19 Special Issues So Far

254 Make Non-Partisan Ballots For Subdivisions

The County Election Board listed 254 candidates for non-partisan village, township and school district posts when it drew the curtain Wednesday afternoon on filings for the Nov. 7 general election.

Frank R. O'Hanlon, clerk said it is the largest non-partisan field since justice of the peace posts were abolished about four years ago. Elimination of the squire's posts reduced the number of non-partisan candidates by approximately 50, he said.

The field for the general election includes 120 seeking township trustee posts, 69 candidates in six smaller villages and 62 seeking school board seats.

The election board is scheduled to meet Monday night in its headquarters here to determine the sufficiency of signatures on the non-partisan petitions and grant ballot places.

In addition to the non-partisan posts, voters in the general election also will ballot on posts in eight major cities and villages and decide on special questions and issues.

Headed by an initiative ordinance to repeal East Liverpool's 5-mill municipal income tax, a total of 19 special questions have been certified to the election board so far, O'Hanlon said.

A certified copy of the initiative ordinance proposed by Trades and Labor Council was turned over to the election board yesterday afternoon by City Auditor Lawrence C. Applegate along

with a copy of his findings on the validity of signatures on the 23 petitions filed July 27.

The auditor is required to hold the petitions 10 days for public inspection and determine if the petitions carry enough valid signatures to warrant a ballot place.

Applegate ruled Friday the petitions contained 1,046 valid signatures — 170 more than the minimum of 876 required to bring a vote.

The remaining 18 special questions and issues include four bond issues with three submitted by school districts asking funds for additions or new buildings. They are:

Khrushchev Brandishes Threat Of Super-Bomb

MOSCOW (AP) — Premier Khrushchev brandished the threat of a super-super-bomb five times more powerful than the average American hydrogen bomb Wednesday night but claimed once more he is a man of peace.

"We do not want war... only lunatics think of a war," the Soviet leader declared.

Khrushchev sounded his bomb warning in an impromptu speech at an otherwise gay reception for the Soviet Union's newest pinup boy—space man Gherman Titov.

"Scientists have suggested to the Soviet government that they can create a bomb equal to 100 million tons of TNT—only one bomb," Khrushchev declared.

Unless the prospects for peace improve, the premier continued, he will give the scientists the green light to build the bomb.

He added that the Soviet Union could provide a rocket that would send such a big bomb aloft.

hydrogen bombs are powerful enough to wipe out most cities at one strike).

Khrushchev, who has boasted that his secret weapon is "my tongue," was alternately gay and grim at the gala Kremlin reception for the Soviet cosmonaut who circled the globe 17 times.

Poking fun at American space men, he commented, "nobody but the bolsheviks can reach the cosmos." With a wide grin, he added, "the Americans don't launch sputniks. They jump out and fall in the ocean. We are glad the American flier didn't drown."

The Soviet leader once more declared his determination to sign a peace treaty with East Germany that would give that Communist regime control over Western access to Berlin.

"We believe there will be no war after this (treaty)," he said. "Only lunatics think of a war after a peace treaty. . . . We are not threatening anybody but if anyone attacks us we will consider it an act of suicide. We will destroy him by counterblows. We have spent money on rockets and bombs and they are not for cutting sausages."

He charged the West with making threatening moves against the Soviet Union and said, "Fools, what do you think you are doing?"

34 British Boys Die In Plane Crash

STAVANGER, Norway (AP) — Thirty-four British schoolboys en route to a holiday in Norway died Wednesday night in a chartered British airliner that crashed and burned on a Norwegian mountainside during a fierce coastal storm.

The other Britons aboard the twin-engine Vickers Viking—Two schoolmasters, two pilots and a stewardess—died with them.

A helicopter pilot sighted the wreckage of the plane at dawn 15 miles from Stavanger, on a mountain in the rugged Ryfylke Fjord area of Norway's southwest coast.

The plane hit about 30 feet below the top of the 1,870-foot mountain and apparently exploded on impact. One wing, virtually intact, was hurled 300 yards. The broken fuselage hung from the peak. Most of the bodies were scattered nearby, many of them badly mutilated.

The schoolboys, 13 to 16 years old, were all pupils at Lanfranc School in Croydon, a commuter town 12 miles south of London. Their frantic parents besieged London Airport Wednesday night, desperate for word of their children's fate. Their telephone numbers were taken and they were sent home.

Just after dawn a team of telephone operators began the calls that ended their vigil.

Castro Foes Thwarted In Hijack Plot

6 Are Wounded As Fight Breaks Out; Craft Crash-Lands

HAVANA (AP)—Enemies of Fidel Castro attempted to hijack a Cuban airliner in flight Wednesday. A gun battle erupted on board and three persons — including the pilot—were killed and six were wounded. The co-pilot crash-landed in a sugar cane field.

The twin-engine plane, owned by the nationalized Cuban airlines Aerovias Q, had 53 persons aboard when it set out from Havana's Rancho Boyeros Airport Wednesday. It was heading for the Isle of Pines, off Cuba's south coast.

Five minutes after takeoff, the hijackers attempted to force their way into the pilot's cabin and take over the plane, presumably in hopes of heading for the United States.

When the crew and two guards resisted, gunfire broke out. Authorities reported the hijackers fired first and one of the first shots killed the plane's captain, Luis Alvarez Regato.

The other dead were one of the military guards, Silvio Sanchez Almaguez, and one of the hijackers, who was not identified.

Havana Radio did not broadcast news of the incident until this morning, hours after it happened.

While the firefight went on in the main cabin and terrified passengers ducked for cover, the wounded co-pilot, Alberto Bayo, managed to crash-land safely in a field. The landing gear and propellers were smashed.

As soon as the plane landed, the four or five remaining hijackers jumped out and escaped. Authorities say they believe the hijackers hid in the cane field.

Several hundred militiamen surrounded and searched the area.

Besides Bayo and crewman Ramon Ferrandis, four passengers were wounded.

The plane was making a regular flight with 48 passengers, 3 crewmen and 2 guards when the incident occurred.

It took place while a hijacked Pan American World Airways jetliner was waiting at Havana to be returned to the United States after its pilot was forced by a young Frenchman to bring it here.

Prime Minister Fidel Castro has urged the U.S. government to conclude an agreement to stop the increasing number of cases of hijacking involving the two countries.

Irondale Has Contest For Seats In Council

IRONDALE — Seven candidates filed for Council with only six to be elected, creating the lone village race at the November 7 election, according to the Jefferson County Board of Elections at Steubenville. The deadline was Wednesday.

The candidates for Council are Alice Hickman, William Lowery, John Hart, Oliver Tolson, Albert Ferry, McKinley Dallas, and Ray Smith.

Other candidates include Quenton Henderson, mayor; C. P. Henderson, clerk; Beula Hanlon, treasurer, and Jess Henderson and Harry Swartzlander Jr., Board of Public Affairs (three to elect).

UNITED NATIONS, N.Y. (AP) — Secretary-General Dag Hammarskjöld today called a special session of the U.N. General Assembly to meet Aug. 21 on the French-Tunisian dispute.

Frenchman Held In Cuba

U.S. Will Press Charges Against Plane's Hijacker

MIAMI, Fla. (AP)—The federal government prepared today to press charges against Albert Charles Cadon, 27, the Frenchman who hijacked a jetliner at gunpoint and forced it to fly to Havana.

Cadon was still in Havana, held by the Cuban authorities who removed him from the Pan American World Airways DC8. Cuba disclaimed any hand in the hijacking and permitted the plane to fly to Miami.

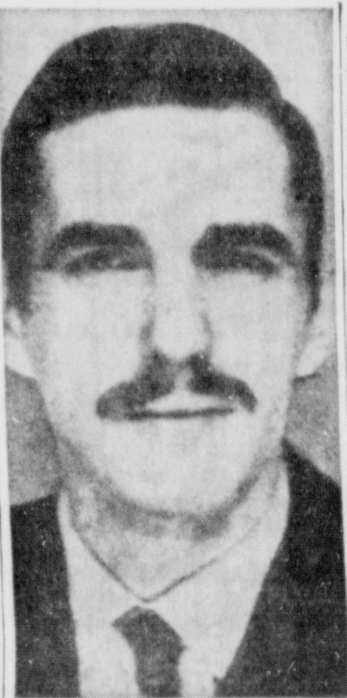

FBI Director J. Edgar Hoover said Cadon would be charged here with crime on the high seas, assault with a dangerous weapon, and assault with intent to commit a felony.

The charges would presumably be pressed in the event Cuba permits his return to the United States.

None of the 82 passengers and crew aboard the airliner was harmed, either by Cadon or the Cubans, in the hijacking Wednesday—latest in a series.

Most of the passengers spent the night in Miami and were to continue their interrupted journeys today. Some left Wednesday night.

Cadon was quoted by crew

ALBERT CHARLES CADON Faces Hijacking Charges.

members as saying he was hijacking the plane to protest United States policy in Algeria, and that led to reports that he was a French Algerian.

The FBI said later, however, that Cadon was a French native who came to this country in 1957 and was committed briefly to New York's Bellevue Hospital last fall for mental observation. He was described by the FBI as an unbalanced itinerant artist and restaurant worker.

His wife, Charlotte, told the FBI that Cadon was an admirer of Cuban Prime Minister Fidel Castro. She said he left their New York City home last Friday after a quarrel and told her he was going to take a bus to Mexico.

It was shortly after the airliner had left Mexico City that Cadon hijacked it.

Among the 73 passengers aboard the airliner was Colombian Foreign Minister Julio Cesar Turbay Ayala—an outspoken foe of the Castro regime. Cuban officials said, however, that the quick release of the plane, passengers and crew was in deference to him.

The latest victim of piracy in the skies was Pan American flight 501 between Houston, Tex., and Panama City, Panama, via Mexico City, Guatemala City, San Jose, Costa Rica.

Precautions Revealed By President

Hopes That Other Governments Will Exercise Control

WASHINGTON (AP)—President Kennedy announced today that border patrolmen will be assigned to a number of airplanes to guard against new hijacking incidents.

As a further precaution, Kennedy said, doors to the pilot's cabin will be locked and the key held inside.

Kennedy Declares U.S. Seeks Peace In Berlin

WASHINGTON (AP)—President Kennedy declared today the United States will use "every diplomatic means" to try to find a peaceful solution of the Berlin dispute with the Soviet Union.

Kennedy also told a news conference that he hopes other governments will exercise all the means at their power to control what he called these "exercises in futility."

The President cautioned against premature howls of protest before it can be ascertained exactly who has hijacked an airplane and for what purpose.

His cautionary words were directed at members of Congress who have attacked Fidel Castro of Cuba as the instigator of two recent plane piracies when, as it developed, the aircraft were seized by men with no known connection with Cuba.

At his 14th news conference, attended by a record 433 newsmen, Kennedy also said:

1. He is sending Arthur H. Dean back to Geneva on Aug. 24 for what may well be a final attempt to reach agreement with Russia on a nuclear test ban. Kennedy said a report from a panel of scientists had convinced him that with present techniques it would be impossible to determine positively whether Russia is secretly testing atomic weapons.

2. He finds no new proposals in Soviet Premier Nikita S. Khrushchev's speech this week and recent statements on the German problem. He repeated this country's determination to employ every diplomatic means available in seeking a peaceful solution of the cold war clash over Berlin.

Asked about the rash of plane hijackings, Kennedy said he hopes successful procedures can be worked out to prevent new incidents.

He went on to note that Wednesday's Pan American jet hijacking was the work of a Frenchman who said he had been treated earlier this year for mental aberrations.

The Continental Airlines jet piracy last week over Texas was perpetrated by a father and son, one of whom also has been treated for mental weakness, he said.

These episodes suggest that a "lunatic fringe" has taken to hijacking as a means of gaining publicity, Kennedy said.

An Eastern Air Lines Electra, commandeered by an unidentified hijacker last month has been held in Havana by the Castro government.

Kennedy Says U.S. Spurs Space Effort

WASHINGTON (AP)—President Kennedy said today the United States is putting maximum effort into space developments in an effort to catch up with the Soviet Union which is "many months ahead of us."

120 Will Run For Trustees In Townships

3 Seek Clerk Post With Liverpool As Only County Race

A total of 120 candidates filed for trustee posts in Columbiana County's 18 townships prior to the deadline for non-partisan posts Wednesday afternoon, the County Election Board said.

In addition, three men filed for the clerk's post in Liverpool Township, the only one in the county to name a clerk this year, Frank R. O'Hanlon, election board clerk, said.

The term of Simon C. Hall, Liverpool Township clerk, expires this year because of the "divorce" of the city and the township, in the 1940's with the township electing a clerk in an "off-year" election and continuing to do so ever since.

Hall has filed for a new term and will be opposed by William A. Garren and Paul D. Cunningham.

Each township will elect two trustees this year with a contest assured in all but West Township where only two entered. Ten filed in Knox and Middleton Townships, O'Hanlon said.

Here's the list of the trustee candidates:

BUTLER — Jimmie B. Stuchell, Carl E. Herron, William D. Hoopes, Howard E. Bailey, Raymond Oesch, Elmer Lee Hardgrove, Albert C. Althouse, Chester O. Mellinger and Harlan L. Reed.

CENTER — James L. Todd, Ray D. Thompson, George H. Everett, James E. Crowell, J. Eyer Hinchcliffe, Dean A. Rose and Leo J. Hochmann.

ELKRUN — Joseph D. Hostetter, Charles M. Sienerth, Sidney I. Scroggs, Clifford Westover, William K. Greenwood and Maurice K. Bell.

FAIRFIELD — G. Charles Fisher, William B. Miller, Howard M. Keslar, Paul Biery, Carey A. (Turn to Page 5, Column 4)

No-Pay 'Hit' On Numbers Snarls Trio

An Ambridge man, who claimed \$3,600 was due on a \$6 numbers lottery "hit," and two brothers, who allegedly failed to pay, face charges today involving firearms.

Alfred MacCaglia posted a \$2,500 bond before Justice of the Peace Zenobia Jurkowski on charges of pointing a deadly weapon. The hearings are for today at 2 p. m.

Dante Bufalini and his brother, Namod, were charged with possession of firearms and Dante and his wife, Elizabeth, with operating a lottery.

District Atty. Richard Steward said he was told MacCaglia claimed to have made a \$6 hit last Wednesday but was told the play was only on \$3.

MacCaglia went to the Bufalini home in Harmony Township Friday and tried to get the \$3,600 at gunpoint, Mrs. Elizabeth Bufalini told police.

Police went to investigate and arrested the brothers after two revolvers were found in their auto. MacCaglia was arrested and the lottery charges were filed against the brother and his wife.

The district attorney's office plans to have a representative at the hearings. Steward said "We'd had no evidence there was lottery playing in the district."

\$50 In Coins Taken In Restaurant Entry

Approximately \$50 in dimes and quarters were stolen from two vending machines in Koerber Brothers restaurant, 1889 Anderson Blvd., Tuesday night or early Wednesday, police were advised yesterday.

Sherry Koerber told police the two machines were broken into and the coin boxes forced open to obtain the change.

The thief gained entrance by removing a screen and two wooden strips from a restroom window and crawling inside, police said. He apparently left the same way, they added.

Record Field Of 9 Seeking Board Posts

Judson Allison And John Fitch File To Create Record Field

With two last-minute candidates boosting the field to nine, East Liverpool school district voters will have the largest field in many years from which to choose two members of the Board of Education at the Nov. 7 general election.

Seeking his second term, Robert W. Walker of Adena (Jefferson County) is the lone candidate for the State Board of Education in the five-county 18th Congressional District.

A member of the board since it was established four years ago, Walker's district includes Columbiana, Jefferson, Belmont, Carroll and Harrison Counties.

Judson W. Allison, 1326 Wyoming Ave., a salesman, and John U. Fitch, 518 Mulberry St., a millworker, were the last entrants for the four-year terms, filing just before the deadline Wednesday afternoon.

They join Samuel W. Brown, incumbent seeking his second term; Harry D. McConville, a sports enthusiast and Internal Revenue agent; Verna R. Stone, who formerly operated her own cosmetics business; Agnes S. Dunlop, credit manager of the D. M. Ogilvie & Co.; William C. (Chuck) Heasley, former safety-service director and now an insurance agent; Ruby Lacey, an East End housewife, and Richard T. Judge, former deputy sheriff and now a hardware clerk.

Leo C. Lawrence, a veteran member of the board, did not seek re-election. Holdover members are C. Walter Ashbaugh, James Lowe and James Moss.

Nine apparently is the largest

## Alert For Farmers

## Corn And Tomato Insect Control Methods Detailed

LISBON — Floyd Lower, Columbiana County agricultural agent, said the August insect alert from the Ohio State University's extension service entomologists gives details for control of corn earworm and tomato worm.

The alert was prepared by R. P. Holdsworth and Billie D. Blair, who said corn maturing in late August and early September probably will be heavily infested by earworms. Eggs are laid on the silks and the newly hatched caterpillars feed on the silk for a day or two before entering the ear. Cover silks and ear zone thoroughly with spray, using DDT or Sevin.

Timing is important. Spray when first silks show, again when 50 per cent of the silks show, and a third spray when 90 per cent of the silks are showing. Continue

Aldrin, or Heptachlor in-the-row at planting time, 1962, to counter-act rootworm, most apt to be serious in continuous corn.

Leafhoppers on alfalfa and potatoes—Dry weather during early July caused a build-up of leafhoppers, especially on early-cut alfalfa, and on potatoes.

There is a decided danger to third-growth alfalfa. If individual alfalfa fields have had a history of yellowing, spray with Methoxychlor when third growth is 6 inches high. Use Dieldrin — DDT. Thiodan or Endrin on commercially grown potatoes.

Japanese beetle — Adults are now defoliating certain trees, shrubs, flowers and other plants, including raspberries and some vegetables. DDT is recommended as the control measure except on fruit or other crops to be eaten.

One rounded tablespoon of 50 per cent wettable DDT powder to one gallon of water, on 32 pounds in 100 gallons, is the recommended application. Additional applications of seven to 10-day intervals will be necessary as long as the adults are numerous and 5 per cent DDT dust may also be used.

Although the spray controls beetles effectively on rose foliage, it doesn't prevent them from entering opening buds. Day-to-day control is necessary to prevent destruction of opening rose bloom and a 1 per cent Rotenone dust is perhaps the most convenient and effective method. Rotenone spray at the rate of 2 tablespoons of 4 per cent powder per gallon of water may also be used.

On ripening fruit such as peaches, Rotenone may also be used and the fruit may be harvested the day it is treated. Sevin is very effective for peaches if applied immediately after picking and an interval of 24 hours is allowed before the next picking. One should use 1½ pounds of 50 per cent wettable powder to 100 gallons of water. Malathion may be used with a three-day limitation.

Beetle grubs are controlled in lawns and grass areas by applying soil insecticide such as Chlor-dane, Heptachlor, Dieldrin or Aldrin. Eggs are laid in the soil during July and August and 10 months of the year are spent by the insect as grubs in the soil. Sap beetles — These beetles, or picnic beetles, may have orange spots or be plain black with short-wing covers. They are attracted to over-ripe and rotting fruits and become a nuisance around patios. The best insecticide for their control is Malathion, but if they are numerous in an area it will be necessary to get rid of the fruits, or vegetables that are attracting them.

Hornets and wasps — Do not attempt control during the day when they are active. Wait until dusk or darkness when they are quiet in their nests. By means of a plunger-type garden dust gun blow one or two ounces of 50 per cent DDT wettable powder into the opening of the nest. Other wettable powders, such as Methoxychlor, Lindane and Chlordane, are equally effective.

For hornets that nest below ground, pour one or two ounces of carbon tetrachloride into the opening and immediately put a shovelful of earth over the opening.

Flees — Flees can become numerous in a home when a family and pet go away on vacation. Destroy fleas by using a good grade aerosol containing Pyrethrum. Mist each room separately, leaving windows and doors shut for 15 to 20 minutes afterward.

Do every room in the house, then vacuum clean each room to pick up dead and paralyzed fleas. Burn contents of vacuum cleaner bag. Use insecticide (4 per cent Malathion, 10 per cent Methoxychlor, 1 per cent Trotenone, or 0.2 synergized Pyrethrum dust) on either dogs or cats. De-flea pet's sleeping areas.

Flies on dairy cows — Face flies, blood sucking stable flies, and horn flies disturb dairy cows, especially on hot days. Results with DDVP face fly baits continue to be favorable. Use DDVP sirup on foreheads, while using Methoxychlor dust on backs in order to reduce total number of flies.

Clean grain storage — Since small grain harvest has been de-

layed, there still is time to clean up infestations before storing new grain.

Both farm storage and commercial elevators should be swept down — ceilings, walls and floors — and sweepings burned. Spray walls with Methoxychlor or Malathion.

"Read the Label" — A farmer in a neighboring state sprayed 61 head of beef cattle with Diazinon.

Fifty head died. In this particular case the farmer ignored state recommendations and failed to read the insecticide label. The Diazinon label states: "Remove animals from buildings during spraying operations and keep them out for four hours." USDA research has shown that cattle, especially calves, are susceptible to Diazinon poisoning.

## Disputed Land Near Chicago Slated For Showdown Today

CHICAGO (AP)—Projections of the needs of mid-America's explosive population growth and industrial expansion meet in a head-on collision along a short stretch of Lake Michigan shoreline near Chicago.

The question is who has the best right to the disputed land—thousands of metropolitan area workers seeking recreation or scenic beauty or new industrial plants?

It is this area — the Indiana Dunes — that conservationists, scientists and dune lovers are seeking to turn into a national preserve.

Opposing groups want to have a deep-water harbor built in the dunes. They envision the development of new steel plants in the area to provide thousands of new jobs. They claim the dunes area can accommodate both a harbor and a national park.

## Joe Taxpayer Wonders

The idea of a \$20 billion project to keep Latin America on the alkaline side of modern ideology confronts Americans with an easy-to-remember round figure.

On the assumption there will be 200 million Americans—North Americans, that is—by the time the \$20 billion had been plowed under in Latin America, that would flatten out to \$100 per capita.

Of course, per capita would not mean \$100 apiece, because these vast federal outlays are not collected share and share alike from every American. By the time children, unemployed, unemployable, tax-exempt and tax evaders have been subtracted, perhaps one American in five would be carrying the responsibility for putting up \$20 billion for Latin America.

Aside from individual tax payers, the burden would be carried by companies and corporations, which must add taxes to the cost of doing business. This means the money is collected from people who buy their goods and services, which means in turn that all spending of this kind is underwritten by the people of the United States. Who else is there?

**THE GOVERNMENT** has had remarkable success in presenting its spending proposals in such a way as to conceal the truth about this from the people.

When they read about a proposal, they think of the government, not themselves. Yet, when government is close to them, as local government is, they think of every spending

proposal as aimed straight at their own pockets. Moreover, they usually exaggerate the amount when the spending is local.

The United States delegation at the Inter-American Economic and Social Conference at Punta Del Este, Uruguay, has just committed U.S. taxpayers to put up \$20 billion in the next 10 years for the benefit of Latin America.

Give or take a few billion that might come from elsewhere, all this would be added to the billions that U.S. taxpayers will be continuing to put up for European aid and Asiatic and African aid. All of it will come out of the taxing capacity of U.S. citizens and their corporations at a time when they are struggling to underwrite the rising costs of local, state and federal government.

**YET IF ANYONE** so much as looks cross-eyed at the stupendous totals or wonder if Joe Taxpayer is getting an honest run for the dollar he is gambling on the ideological race, it's almost as if he had expressed a doubt about mother love. And if he has the audacity to suggest that some of the money may be getting away from its handlers, old Joe is looked at as if he had said something rude in the midst of the Oath of Allegiance.

The fact remains that Joe Taxpayer wonders and wonders and wonders, though. If his government is proposing to add \$100 per capita to taxes for Latin American relief, which could mean five times that much apiece, what guarantee does he have that he will get an honest run for his money?

## A Point Just Short Of Fury

President Kennedy now has made one mobilization speech and Premier Khrushchev has made two—the one he made Monday night and the one he made July 8, when he told military academy graduates he had ordered a 25 per cent increase in Soviet defense spending for 1961.

The increase, he explained, was because the United States and its North Atlantic Treaty Organization allies were stepping up their preparations for war; the United States alone was getting ready to spend \$53 billion a year, he said. This was a surprise to the United States at that time, but it may have to spend that much now to match what Premier Khrushchev says he is going to spend.

This is the traditional procedure of sword-rattling that has preceded many wars and has averted a few, though that is hard to prove. There is one thing about it that needs to be watched.

The object of sword-rattling is to out-rattle the opposition, to the effect that the successful rattler gets most of what he wants without drawing his sword. This is Premier Khrushchev's game; he would admit it if he had the privilege of candor.

It is dangerous — and he would admit that too. And one reason for the danger is the possibility he may push the United

States and its allies into a state of fury by giving them no hope of saving their dignity except by fighting. That was what happened when Britain came to the rescue of Poland in 1939. It was what happened when German U-boats threatened to drive the United States off the high seas in World War I.

The difference between what happened then and what is happening now is that the Germans wanted World War I and World War II. They had prepared to fight them at a particular time and under particular circumstances. They were seeking war.

No one believes the Soviet Union wants war. Everybody knows the NATO allies do not want war.

Yet the sword-rattling, the sword-sharpening and the sword-brandishing must be carried on as part of the game both sides must play out to the end, each hoping to stop at a point just short of exciting the other's fury.

It would seem necessary now for Mr. Kennedy to make another mobilization speech, to even the score, being careful to include in it—as Premier Khrushchev was careful to include in his speech Monday night—a hopeful hint of what could be accomplished if sword-rattling were abandoned in favor of negotiation.

## Any Old Stick To Beat A Dog

It is gratifying that Sen. Barry Goldwater, R-Ariz., has taken himself off the spot as a possible exploiter of Sen. J. William Fulbright's recent blast against militarists who dream of growing right and left wings.

The issue is whether high military officials ever should take it on themselves to indoctrinate military personnel under their command. Sen. Fulbright, an Arkansas Democrat, sent the Pentagon a memorandum saying indoctrination shouldn't be allowed. Immediately, the issue was joined. Sen. McNamara tended to agree.

Sen. Fulbright then was accused of being soft on Communism because the military officials had been using anti-Communist indoctrination. His accusers knew better, and Sen. Goldwater has had enough courage to separate himself from any movement to make political capital of this in Arkansas, where the senator will be running for re-election next year.

It would be an excellent idea for everybody else to separate himself from the movement, too. It's double-edged. According to the rule of picking up any old stick to beat a dog, Republicans have picked up this particular stick in the hope of inflicting damage on a political competitor.

But there is a precedent tied to the stick, and they had better look at the precedent. If it's wrong for high military officials to indoctrinate soldiers one way, it's wrong for them to indoctrinate soldiers another way. This is something that goes far back into United States history.

This country cherishes the idea of a citizen army under civilian control because it

is afraid of a professional army under military control. And its fears have been borne out dozens of times by armies indoctrinated to suit the predilections of commanders who made bids for political control.

If nothing but anti-Communism were involved in the indoctrination, that would be simple. Everybody's against Communism. But anti-Communism easily becomes a movement in this country against everything hateful, which is the danger Sen. Fulbright is thinking about. It's also the danger Robert S. McNamara, the current civilian secretary of defense, seems to be thinking about when he says foreign policy statements should be made by the Department of State. He, too, is aware of the ever-present danger that militarists might decide to run the government to suit themselves, instead of continuing to think of themselves as employees of a civilian government who give advice when asked for it and give it then only in the field of their military competence.

France is in a dilemma because some of its militarists have been unwilling to button up their mouths. Within recent weeks, militarists moved in and took over the government of South Korea. Lieut. Gen. Lewis B. Hershey, director of selective service, said a few days ago he had no confidence in professional armies; that he preferred civilian armies.

Sen. Fulbright should be praised, not censured, for pointing out the danger of military indoctrination. Once the precedent had been established that military personnel should learn at their generals' knees, who is going to decide what they learn there?

## The Once Over

With President Kennedy urging warm encouragement to business and asking full cooperation in keeping out of a slump, his brother Bobby's Department of Justice takes a sock at AT & T, one of the largest corporations on earth, giving jitters to greatest single group of shareholders in America and causing a market drop which for few hours brought reminders of 1929.

Robert Kennedy was away off in Africa, with bouquets for the Ivory Coast, while his top assistant was telling senators that AT & T was being investigated. The day the corporation was taking in its two millionth small shareholder (a typical American family) was chosen by Lee Lovejoyer to scare the hide off this family and the other 199,999,999 stockholders. This is business encouragement! Senate Small Business Committee got into

headlines. You would have thought telephone company was keeping countless small businessmen from opening up rival telephone systems on every street corner and giving trading stamps.

No mention was made of fact AT & T was No. 1 corporation, famed for efficiency and the government's buddy in satellite communications system.

Uncle Sam was in huddle with AT & T over bouncing messages off satellites. Department of Justice was bouncing rocks off phone company and shareholders.

Never have so few investigators scared so many small investors. Has Justice Department dropped Jimmy Hoffa and taken to using AT & T as a summer replacement? (Don't ask what the telephone company can do for you; ask what you can DO TO the company.)

## Czech Aid Bolsters Cuban Economy

By Victor Riesel

MUNICH  
If Fidel Castro is our enemy then we really are at war with Czechoslovakia. Chairman Khrushchev may be rattling the rockets but it is believed here in Munich that Czech technicians are building the bases in the heart of Cuba for those short-range missiles.

Victor Riesel

This, of course, may be difficult to prove in a court of international law. But certainly Czech Minister of General Engineering Polacek and Deputy Minister of Heavy Engineering Andre were not just sightseeing in Cuba during the week of June 9. Site seeking would be the better description.

A few days later, on June 14 to be exact, Cuban Foreign Minister Raul Roa flew into Prague. He was rushed to see Czech Prime Minister Siroky.

On June 15 they talked of a military aid pact. This meant Czechoslovakia was going to do all the aiding—Cuba couldn't take Liechtenstein without Soviet bloc help.

**OBVIOUSLY**, this conversation concerned more than just "mutual military assistance." The Czechs already have many cadres of army, navy and air force men advising the Cuban militia in Havana.

It was, in fact, these advisers who helped Castro shove a gallant little band of friends back into the swamps and Caribbean last April.

Furthermore, whatever fighter pilots Cuba has, have been and are being trained in Czechoslovakia right now.

What did the young Fidelistas use to cut our friends to pieces on the beachheads? Artillery from the Skoda works at Pilsen. Sten (machine) guns from the Zbrojovka factory at Brno. Dynamite equipment for all sorts of explosive gadgets from Bratislava.

**SO MUCH FOR GUNS.** It would be nice to report that the Czechs also will help the Cubans with butter—and bread—but straight reporting must have it that the Czechs will send only hardware in the nonmilitary exports.

On June 3, as a result of the futile invasion a few weeks earlier, the Czechs pledged to send Cuba \$800 million worth of supplies in 1961.

For this amount the Czechs will do everything from improving that which is so close to Castro's compulsive heart, Cuban television, to setting up at least 14 entire factories.

This is one of Prague's specialties de la maison rouge. One such plant will turn out tractors, trucks, gasoline engines, motorcycles and scooters.

This installation, of course, could easily be revamped into a military arsenal for the invasion of other Latin nations.

**ONE OF THE** complete plants will whip out refrigerators at the rate of 40,000 a year. These certainly cannot be bought by the \$10-a-week sugar cane workers. Obviously, after Castro's Communist leaders of the people get their share, these will be dumped on the Latin market, competing directly with us.

They will be fair equipment for any household. The Czechs have sent some 30 specialists from Zlate Moravie to direct the erection of this plant. And they'll stay there.

Soviet technicians never die, or fade away. They go on forever. Among the other Czech plants to be delivered in one compact unit will be a candle factory, and a pencil factory (who can run a revolution without a pencil factory, even Lenin couldn't). There will also be an auto plant soon.

They'll construct a mill for manufacturing 1,000 Diesel motors and 1,500 small compressors, just to start.

This, too, will be the forerunner of Cuban invasion of the Latin market, aimed, of course, at us.

Furthermore, the Czech Technoexport Foreign Trade Corp. will deliver machines and equipment for the production of gas stoves, electrical appliances, bicycles, building equipment and a screw factory.

**APPARENTLY** they're seeking to use the island as the advance sales base for all nations south of the border. This is just the beginning.

My good friends at the amazing sonic frontier here, the overwhelmingly learned men at Radio Free Europe, analyze this move in these few words:

"The political overtones of Czechoslovakia's deals with Cuba are quite obvious. Czechoslovakia is an exporter of all the goods mentioned above. By helping to build these factories in Cuba, Czechoslovakia willfully creates a competitor and eliminates a potential customer for these products."

Why? Because it wants Cuba to learn how to produce goods which will compete with free world production and sales in Latin America. Czechoslovakia can afford to lose a few customers. It is the big moneymaker of the "Bloc." Why? Because Britain and the United States—yes the United States—and some 50 other anti-Communist nations keep Czech factories going with multimillion dollar purchases. In fact, Britain is Czechoslovakia's second biggest customer.

That's why N. S. Khrushchev has made prosperous Czechoslovakia the spearhead of the military, technical and industrial invasions of all underdeveloped nations. And with our dollars and British pounds we help the Soviet bloc war on us.

Doesn't anybody care?

## Letters To The Editor

I see by last Saturday's issue that certain citizens on the North Side of your city have adopted ways and means to prevent and/or retaliate for damage to their shrubs and lawns from dogs owned and released to roam at will by the moronic element known generally as dog lovers.

Any true dog fancier obeys the law which requires the dog to be restrained to the premises of the owner or be on a leash, muzzled and under the control of the person exercising it.

This particular wording means in effect that their dogs, answers to natures calls should be at home where the owner can attend to its disposal.

The morons referred to above don't wish to be troubled with the sordid business, so either turn them loose or stand idly by trying to look very nonchalant while their useless, disease carrying curs despoil the neighborhood far enough from home that the odor does not blow back nor the mess be tracked into their homes or cars to be tramped into carpeting.

Since Chief Radeschi is so emphatic about the ordinance pertaining to BB guns, I would suggest he become just as interested in the enforcement of the ordinance prohibiting these curs, and cats should be included, from being permitted off the owners' premises.

To insure his continued interest in this matter, I respectfully recommend to City Council the installation of a special phone where non-dog owners can reach a member of the city police force. If all the members are armed with the handy super-duper poop scooper and they are on call to clean up the messes of these canine nomads, I can assure you your troubles will diminish rapidly.

Better yet, to completely eliminate the evil I would suggest also that the owners of the mongrel hordes be used as targets of the arrows and pellets while public funds be used to repay non-animal owners for the damage to shrubs and lawns caused by these so called pets of the above mentioned idiotic clan.

Submitted in the interest of health and hygiene of both man and beast.

## Khrushchev's Demand

By David Lawrence

### Red Leader Wants West's Surrender On Berlin

IN EUROPE All that Nikita Khrushchev wants is the surrender of the West on the Berlin issue without war. This, he is confident, would do away with the "war psychosis," and he frankly declares that the further development of communism would thus be assured, not only in East Germany but in

David Lawrence, the satellite countries as well, which, he confesses, might otherwise succumb to Western influence.

A reading of the full text of the speech of the Soviet premier on Monday night reveals a gold demand for surrender, couched in argumentative but seemingly conciliatory language.

Parts of the speech could well have been uttered by President Kennedy or by any other Western statesman.

For example, Mr. Khrushchev says:

"Life demands that statesmen should not only say reasonable things but also should not permit themselves in politics to cross the line when the voice of reason falls silent and a blind and dangerous game with the destinies of peoples and states begins. . . ."

"Let us honestly meet at a round table conference. Let us not create a war psychosis. Let us clear the atmosphere. Let us rely on reason and not on the power of thermonuclear weapons."

Such passages were interwoven with denunciations of the alleged war passions of the West and with boasts that the Soviets can destroy not only the United States, but Western Europe, with thermonuclear weapons.

Mr. Khrushchev blandly reverses himself again and again, instead of using the voice of reason, employs the voice of the bully as he says:

"If the Western powers persist in their refusal to sign a German peace treaty, we shall have to settle this problem without them. It goes without saying that in that case the German Democratic Republic (East Germany) would attain full sovereignty and, therefore, the question of the use of communications with West Berlin running across its territory would have to be decided by agreement with the East German government."

"As to the agreements between the Soviet Union and the Western powers on the question of access to West Berlin concluded during the occupation period, they will become null and void."

"It would seem that all this is natural and quite fair and should not evoke objection or discontent on any one's part."

**THIS IS** as plain spoken a demand for surrender by the West as could be written. Then, as a kind of face saver for the West,

the Soviet ruler promises that, as a matter of practice, East German authorities will be kind and cooperative, and that the Soviets "do not intend to infringe upon any lawful interests of the Western Powers."

Mr. Khrushchev urges that the Communist regime in East Germany be trusted, and adds:

"Barring of access to West Berlin, blockade of West Berlin is entirely out of the question. All this is only a figment of imagination of those who want to incandesce the atmosphere in order to prepare war."

The whole speech is an attempt to put the blame on the West through "mobilization" of Western military forces, as Khrushchev describes it.

By contrast, he wishes the world to know that—at least, for the time being—Russia isn't increasing her armament or preparations for war.

Is there any real clue in the speech to what could happen in the all-important negotiation that the Soviet premier says he wants?

**HOPES**, however mistaken they may prove to be, are based on this suggestion in the speech:

"We propose that it should be stipulated in the peace treaty that the free city of West Berlin shall be granted the freedom of communication with the outside world."

"We agree to the establishment of any most effective guarantees of the independent development and the security of the free city of West Berlin."

But Mr. Khrushchev wants an end to any military occupation of West Berlin and, when Western troops have been removed, he expects East German Communists to take care of the people of Berlin.

He says that "access to Berlin and the question of a peace treaty as a whole is only a pretext" for the West, and that if the peace treaty were dropped, it would be regarded as a "strategic breakthrough and would widen the range of their (Western) demands at once."

He then reveals his true reason for stirring up the Berlin crisis and for his basic fears, as he says:

"They (the West) would demand the liquidation of the socialist system in the German Democratic Republic (East Germany). Were they to attain that, too, they would, of course, set the task of annexing from Poland and Czechoslovakia the territories restored to them under the Potsdam Agreement. . . . and were the Western powers to attain all this, they would advance their main claim: The abolition of the socialist system in all countries of the socialist camp. This is what they would like to do right now."

So the stalemate continues and the big question is whether Khrushchev will really start a war. His words are strong but they are no more to be trusted than those of any dictator. Hence the West has no choice but to insist on a free Berlin and even a free and reunified Germany.

Perhaps you've noticed it too—the way our First Lady melted into the scenery at Hyannis Port after all that publicity generated by her appearances abroad.

## Woman Hurt As Car Rams Earth Truck

A 37-year-old Dresden Ave. woman was injured Wednesday night when a car driven by her husband collided with a heavy earth-hauling truck at the new freeway construction site in California Hollow after he apparently failed to halt for a traffic signal.

A Unity driver was critically injured in a collision with a tractor-trailer truck on Route 14, one of three other county mishaps yesterday.

Mrs. Frances Dawson, 1948 Dresden Ave. Ext., is in "fair" condition today at City Hospital with lacerations of the head and leg suffered in the crash which occurred about 9:30 a fifth of a mile northwest of the city limits.

The Ohio Highway Patrol at Lisbon said the car driven by Paul Victor Dawson, headed southeast, sideswiped the front of the heavy truck operated by Donald L. Backus, 2017 Chester Ave., Wells-ville.

Officers said the traffic light, recently installed to permit the heavy equipment for the freeway project to cross the highway, was red for Route 30 traffic. Backus' truck was headed north with a load of dirt, and was partially on the south lane of the roadway.

Dawson's car struck the front of the truck, and continued south for about 100 feet before stopping. Mrs. Dawson was trapped for a while beneath the dash of the auto with a piece of metal caught in her leg, witnesses said.

The car was badly damaged, and Dawson suffered a small cut of the cheek and bruises. He was charged with driving while intoxicated.

Dawson was freed on a \$500 bond this morning after the charge was filed in Municipal Court by Highway Patrolman N. K. Myers.

No pleas were entered since Dawson told Judge Samuel M. Chertoff he wanted to obtain counsel.

A plea will be entered Monday morning and the trial will be held Tuesday, Judge Chertoff said.

A West Virginia car sideswiped the halted truck at the scene in the traffic jam which followed the crash, witnesses said.

George Grossen, 21, of 64 Boardman St., Unity, is in "critical" condition today at Salem City Hospital with injuries suffered when his car was struck broadside by a tractor-trailer rig on Route 14 about a half mile west of the Pennsylvania border.

The patrol said Grossen drove from a filling station across the roadway toward another drive-in area into the path of the rig operated by John Scott, 45, of Akron.

Grossen suffered fractured ribs, internal injuries and lacerations of the body.

Jerry Lee Yeagley, 18, of Canfield R. D. was taken to Salem City Hospital with a dislocation and fracture of the left wrist suffered in a two-car crash on Route 14 north of Salem yesterday afternoon.

Yeagley attempted to pass another auto driven by Ronald Hutcheson, 16, of Salem R. D. 4 as the latter made a left turn. Yeagley was charged with improper passing.

Frances Moldovan, 27, of Canton escaped injury when she fell asleep while driving on Route 30 about four miles east of Minerva Wednesday night and her car veered from the highway and hit a fence post. Damage was minor, officers said.

## Wellsville Woman Hurt In City Crash

A Wellsville woman was admitted to City Hospital Wednesday afternoon with injuries suffered in a collision at the intersection of E. 4th and Washington Sts., police reported.

Janet D. Lowery, 36, of Box 27, Wellsville, is in "fair" condition with injuries of the neck, shoulder and left arm, received when the car she was driving was struck by an auto operated by Clyde Conn, 69, of Canton.

Driving a car owned by Robert Chisler of Harker Ave., Newell, the woman said she was headed south on Washington St. when Conn, headed north, made a left turn into her. The mishap was timed at 1:33 p. m.

A fire escape on the rear of a Dresden Ave. building was damaged yesterday morning when struck by the top of a tractor-trailer rig maneuvering through Green Ln., police were told.

Robert R. Tanner, driver of the outfit owned by Darby Transfer & Storage of McKees Rocks, told police the top of the trailer damaged the fire escape on a building at the rear of 614 Dresden Ave. It is owned by Dave Sakol, police said.

## Weirton Man's Car Plunges Off Route 2

Paul E. Lemley, 20, of Weirton narrowly escaped injury at 12:15 a. m. today when his car jumped a guardrail on Route 2 about a quarter mile south of the West Virginia State Garage near Pugh-

THE RIPPED SIDE of this battered auto shows the result of the collision with the front of a heavy dump truck at a Route 30 construction site crossing Wednesday night which injured Mrs. Paul V. Dawson, 1948 Dresden Ave. Ext. She was trapped in the car, driven by her husband, who was charged with driving while intoxicated. The crash occurred at a traffic signal used to permit equipment for the freeway project to cross the highway in California Hollow.

town and went over an embankment.

The car rolled about 250 feet into a small creek. Hancock County sheriff deputies said Lemley was driving a foreign model car. He was headed south on Route 2, went off the berm and lost control.

Lemley was treated for minor bumps and scratches at Weirton General Hospital. The vehicle was demolished.

Deputies said it was a "miracle" he escaped serious injury because he remained in the car until it halted.

The car is owned by John A. Moore of Smith St., New Cumberland.

## Wellsville Autoist Cited For Collision

A Wellsville motorist was cited for reckless operation following a three-way crash Wednesday at 11:20 a. m. on Main St., Wells-ville, near 12th St.

Police said cars driven by Lloyd Fielding, 1033 Commerce St., Carl E. Nelson of Irontdale and Harry Stone, 1732 Maple Ave., Wellsville, were involved.

Police said Fielding was pushing another car down Main St. His car slipped from the rear and struck Nelson, who was coming in the opposite direction. Nelson's car, in turn, was shoved into the parked car owned by Stone.

Fielding will receive a hearing Saturday morning before Mayor William J. Shoub on the reckless driving charge.

## DiSalle Slated As Democrat Dinner Guest

Gov. Michael V. DiSalle has accepted an invitation to speak at the ninth annual Columbiana County Jefferson-Jackson Day Dinner Sept. 18 at Beaver Local High School, Don R. Gosney, county Democratic chairman, announced today.

Gov. DiSalle and Rep. Wayne L. Hays of the 18th Congressional District will be guests.

Gosney said two party dinners—one honoring the governor and the other the regular Jefferson-Jackson Day affair—had been planned this year, with Vice President Lyndon B. Johnson as special guest.

However, because of the Berlin situation the vice president will not be able to leave Washington for speaking arrangements, Gosney explained.

Committees will be organized at a meeting of county Democrats tonight at the headquarters of N. Market St., Lisbon.

Alvin McBean, rookie pitcher with the Pittsburgh Pirates, is a native of St. Thomas in the Virgin Islands. He is 23.

## 'Boss' Admits Murder Of Ex-Area Man

Police in Los Angeles announced Wednesday that the employer of a former Port Homer man admitted slaying him and dismembering the body.

Police said John Joseph Deptula, 47, manager of the Vermont Bowling Alley, confessed to the murder of Roger Allen Mosser, 25, son of Mr. and Mrs. Albert Mosser of Bellaire, former residents of Port Homer.

Police found Mosser's severed head and hands in two plastic bags in a restroom at the Angeles National Forest in California a week ago.

Mosser disappeared July 16 while en route to a bank with \$2,000 receipts of the bowling alley, where he was employed as a maintenance man.

Identification of Mosser was made Aug. 1 from his fingerprints. Police said Deptula was taken into custody yesterday at his home.

He then confessed the slaying and immediately led police to the public camping ground at the park near San Gabriel where he pointed out the grave of the rest of the victim's body.

## School Board Meets

Cafeteria Food Ordered;  
Pupil Insurance Adopted

Contracts to furnish milk, bread and buns for the Westgate cafeteria were awarded and a decision was reached on a firm to provide student insurance for the 1961-62 term when the Board of Education met Wednesday night.

Only a fourth of a cent separated the two suppliers on the milk bids and the contract was awarded to Golden Star Dairy on its offer of 6 1/2 cents per half pint.

Vernon Deli Dairy of Calcutta ask 6 3/4 cents per half pint.

THE BOARD also awarded a contract to supply the bread and buns to Goddard Bakers of Chester as the "lowest and best" bid received. It has held the contract for several years.

Goddards' bid for bread at 15 1/2 cents was half a cent lower than that submitted by Schwebel Baking Co. of Youngstown. Ward Baking Co. ask 16 1/2 cents and Keystone Bakery 18 cents.

Goddards' offer of 27 cents a dozen for sandwich and wiener buns was a cent higher than Schwebels' offer but the board voted to accept the Chester firm's offer.

Four plans for student insurance were submitted to the board with the award going to Security Mutual Casualty Co. of Chicago, which is represented by Jack Mills of Guilford Lake, a former Lisbon basketball coach.

THE INSURANCE program fixes the cost at \$1.50 per student with year-round coverage, including summer months, for \$10. Football coverage will cost an additional \$10.50 per student.

Supl. Ralph W. Betts said he believes Security Mutual's plan was the best of the four submitted.

Pioneer Life, which had the program last year, asked \$2 for elementary pupils and \$3 for junior and senior high students while Investment Life asked \$1.75 and \$2.50 and Pilot Life set its price at \$2.50 for all students.

Betts pointed out the maximum benefit under the Security Mutual program is \$5,000 while the others listed \$3,000 as tops. He told the board, however, that Security Mutual will pay only \$5 for any X-rays required.

About 60 per cent of the students enroll in the program each year, he added.

THE APPOINTMENT of 10 teachers was approved and the resignations of four others were accepted.

The new instructors include Edwin Pugh of Wellsville as a history teacher and Margaret Krovicky as a commercial instructor in the high school; David Wunderlich, John Yedgenak and Robert Neuwirth as junior high instructors; Mrs. Juanita Gardner, Mrs. Marian Hales, Mrs. Donna Ferguson and Mrs. Grace Roberts, elementary teachers, and Mrs. Elda Ruth Lorah as a special education teacher.

The resignations were received from William Savors and Martha Saum, elementary teachers, and Ivan Dye and Beverly Hall, junior high instructors.

Savors resigned several months ago as principal at Neville and Klondyke but retained his post as a teacher. He is moving to Mesa, Ariz. Dye was only appointed at the board's last meeting July 10 but resigned to take a job in Lisbon.

A REQUEST from Mrs. Irene Schlang for her son, Robert, to attend Beaver Local schools was denied by the board. Members said they do not believe it is "in the best interest" of the schools.

Man Spotted  
As Suspect In  
Hit-Skip Case

A city man, charged with leaving the scene of a traffic mishap in Chester Wednesday afternoon, was spotted as a passenger in a car in Newell last night by a constable and held for Chester authorities.

Emmanuel Rigas, 174 Pennsylvania Ave., posted a \$30.50 bond for hearing Aug. 19 on the hit-skip charge filed by Walter Reckner Jr. of Clinton R. D. 1.

Reckner told Patrolman Clarence Lennens of Chester a 1953 sedan driven by Rigas struck his 1950 sedan on 1st St. yesterday afternoon at 3:30.

Reckner said he had halted to pick up a passenger and Rigas, following, had attempted to pull around his car, hitting the left rear fender but failing to halt.

The Pennsylvania driver filed the charge with Lennens, who alerted area police.

Constable Carl Durham of Newell, directing traffic at 6th and Washington Sts. in Newell at 8:40 p. m., noticed Rigas in a car and detained him until Lennens took him into custody.

The cars in the collision received minor damage, it was reported.

Coast Guard  
Unit To Aid

Plans to patrol the water show of the Wellsville Boat Club Aug. 27 were discussed at a meeting of Flotilla 7 of the Coast Guard Auxiliary Wednesday night at the East Liverpool Yacht Club.

The 11 flotillas of the 2nd Division will rendezvous at Babb's Island. The auxiliary will meet at the club again Aug. 23 to further discuss the patrolling operation.

Sam Wolfe, commander, presided. He announced that at the 1961 spring meeting of the board at Indianapolis in March it was decided that all Class A and Class 1 motorboats be required to have one approved hand-operated portable extinguisher to qualify for the facility inspection and CME decal.

This means that prior exemptions of boats of open construction for both the facility inspection and courtesy exam are no longer effective in the 2nd District.

It also was announced that facility decals are not acceptable unless the vessel displays the numbers required by the new state or federal boating acts or the owner has proof of application for new numbers. State and Coast Guard boarding teams will issue citations to boats not so numbered.

Wolfe also announced that a coverdish party will be held by the West Bridgewater Flotilla Aug. 19 at 5 p. m. East Liverpool time, Neville Island and Butler are invited.

Capt. Robert W. Parkins of McKeesport and George Muth, district training officer, were guests.

## Mr., Mrs. Paul Metrovich Now At Home In Calcutta

Mr. and Mrs. Paul Metrovich have returned from a honeymoon on the Skyline Drive and are residing in Calcutta, following their marriage the afternoon of July 23 at 4 o'clock in the St. George Serbian Orthodox Church at Midland.

The bride was Miss Linda Sue Foreman, daughter of Mr. and Mrs. Vincent Foreman of Bloomfield, and her husband's parents are Mr. and Mrs. Alex Metrovich of Calcutta.

Fr. Milorad Dobrota, pastor, officiated for the double-ring ceremony before a background of ferns, palms and white gladioli. The Dr. Laza Kostich Choir sang the responses.

Given in marriage by her father, the bride wore a floor-length gown of Chantilly lace and bridal tulle. The fitted bodice was designed with long sleeves and a scalloped, Sabrina neckline, trimmed with sequins.

Her fingertip veil of imported illusion fell from a crown of pearls and rhinestones. She wore a two-strand crystal necklace, the gift of the bridegroom. Observing the traditions, the sixpence in her shoe belonged to her late grandfather, Ephraim Shallcross. A reception for 250 was held at the Serbian National Home in Midland. The bridal table, decorated in pink and white, was centered with a four-tier cake topped with a miniature bridal couple.

# Dodgers Retain Game Lead Over Reds With 8-3 Victory

## Pirates Blanked On Javier 'Slam'

By ED WILKS  
Associated Press Sports Writer  
The Los Angeles Dodgers retained their one-game lead over Cincinnati in the National League by beating the Milwaukee Braves 8-3 Wednesday night as right-hander Don Drysdale hit a grand slam homer, allowed only four hits and struck out 11.

The Reds, after losing four of their last five, got back on the beam again against Philadelphia, 5-0, for a 16-0 record against the Phils. That's one shy of the NL record for consecutive victories against one club in one season, set by Pittsburgh against the Reds in 1936.

San Francisco defeated the Chicago Cubs 6-5, on Matty Alou's ninth-inning homer, and St. Louis stopped Pittsburgh 4-0, on a grand slam by Julio Javier.

Drysdale (10-6) had trouble only from Joe Adcock, who drove in all of the Braves' runs with a pair of homers. The first tied it 1-all in the second inning, but Drysdale then broke it up with his bases-loaded shot—the 18th

home run of his career and fourth of the year—off Don Nottebart (3-6). It was the first slam by a Dodger pitcher since Erv Palica connected for one back in 1950.

Right-hander Joey Jay (16-7), the NL's top winner, blanked the last place Phils on six hits for Philadelphia's 13th consecutive defeat, one short of the club record. Elio Chacon walked and scored the Reds' first run in the second inning off Don Ferrarese (2-9), and then belted his first major league homer in the fifth.

The Cards had been blanked on four hits by southpaw Joe Gibbon (8-7) for seven innings before Javier teed off for his first major league slam. The Bucs, who walked St. Louis 19-0 in their last meeting, were shut out on seven hits by winner Curt Simmons (7-7) and Ed Bauta.

Alou was 3-for-5 and drove in two runs for the Giants, breaking a 5-5 tie with his home run off losing reliever Barney Schultz (5-3). Stu Miller (9-3) won it in relief.

## Team Making Less Mistakes Seen As Victor

CANTON, Ohio (AP)—The rival coaches in Friday night's 15th annual North-South All-Star football game at Fawcett Stadium believe the team making the fewest mistakes will win.

South Coach Jim Eby of Dayton Colonel White hopes to shatter the three-game Rebel losing streak. The record thus far is 5-2 in favor of the Yankees.

Tony Mason, North coach from Niles, expects his backfield to consist of Massillon's Art Hastings at fullback, Charley King of Alliance and Dick Rinduff of Niles at halves and Ray Sankey of Niles at quarterback.

The Rebels will counter with Bob Hartvig of Covington at fullback, Tom Fugate of Springfield South and Tom Vaughn of Troy at halves and Dayton White's Bill Gains at quarterback.

Mason said Lawson White, Massillon's All-Ohio lineman, may not be ready because he broke a toe in Tuesday's workouts. A knee injury will keep St. Joseph's Ken Maglicic out of the game, Mason added.

## Texas Disposing Of Stock After His OK For FPC

HOUSTON, Tex. (AP) — Lawrence J. O'Connor, confirmed as a member of the Federal Power Commission, said Wednesday he has started disposing of stock.

Sen. William Proxmire, D-Wis., said may represent a conflict of interest.

"Just as I said in the committee hearing, I am disposing of this stock and before Monday I will have disposed of it all," O'Connor said.

"In fact that is the reason I am in Houston."

Proxmire held the Senate floor for over 32 hours in his fight against O'Connor's confirmation. He said it would "really be tragic" to appoint O'Connor to the power commission because of conflict of interest.

O'Connor did not say if he was selling the stock or giving it to his elderly mother, as Sen. Mike Monroney, D-Okla., said he was told O'Connor would do.

## Columbian 6 Strokes Behind

## Pair Leads Publinx By 5

MASSILLON, Ohio (AP)—A 31-year-old Warren fireman and prizefighter held a five stroke lead today as Ohio's 28th public links golf championship went into its second round.

Lulu Sabotin, who was Floyd Patterson's fifth straight knockout victim as he surged to the heavyweight title, scored seven birdies Wednesday to finish five-under-par 65 over the Riceland Country Club course.

Only 13 of the 360 starters were able to break par as half the field performed at the Riceland club and the other at the Elms course.

Chasing Sabotin was some of the state's classiest talent. Deadlocked at 70 were Tom Miller of Orville;

Frank Gacek of Parma, Tobie Silbert of Canton, Don Martin of Mentor, John Nardi of Ashtabula and Marion Heck of Columbiana.

The fields change courses today for another 18-hole round and the low 120 will play again Friday. The low 60 play 36 holes in the marathon finish and the other 60 wind up at the 54-hole mark.

Dick Tillett of Canton, who tied Nist for the 1957 championship but lost in a playoff, took 73 strokes in the opening round.

At Wednesday night's annual banquet, Joe Patton of Steubenville, currently the executive secretary of the Ohio Publinks Association, won the James A. Rhodes Trophy for long and distinguished service to fee course golf.

## Buffalo Slugger May Reach Goal Of Big Leagues

By The Associated Press  
A year ago Ted Savage, center-fielder with Buffalo in the International League, gave himself three years to reach the major leagues or he would quit.

Now in his second season in pro ball, it looks as if Savage will achieve his goal. The Buffalo outfielder belted his 19th homer, two doubles and a single to lead the Bisons to a 11-4 victory over Columbus in the second game of a doubleheader Wednesday night.

The Jets won the first game 2-0 behind Bob Veale and Diomedes Olivo.

In other IL games, Toronto and Richmond played five hours and 50 minutes with the Maple Leafs gaining a 2-0 victory in the seven-inning first game. The second game went 16 innings before it was halted by curfew and the score deadlocked at 5-5. Rochester blanked Jersey City 7-0 and Charleston romped to a 9-1 victory over Syracuse.

Savage drove in five runs in the afterpiece. He took over the batting lead from Richmond's Tom Tresh with a .329 average.

Sixth inning home runs by Dick Gray and Harry Elliot carried Veale to his 12th victory in the opener. Veale allowed four hits and five walks before he needed help from Olivo in the seventh, who retired two straight batters to end the game.

## 3 To Head Field For Trot Classic

YONKERS, N.Y. (AP) — Duke Rodney, a fleet but erratic colt, and the steady going Castleton Farm pair of Orbiter and Spectator head a well balanced field of eight of the nation's top 3-year-old trotters in the \$100,300 Yonkers Futurity at Yonkers Raceway tonight.

The 1-16-mile race is the first jewel in the triple crown for 3-year-old trotters and one of the two harness horse races in the country worth more than \$100,000. The other is the Hambletonian, second race in the series which will be renewed at DuQuoin, Ill., Aug. 30. Third event in the triple crown is the Kentucky Futurity at Lexington, Ky., Oct. 6.

Only one horse—Scott Frost in 1955—has won all three since the series was inaugurated in 1953. And Frostbite, a son of Scott Frost, is in tonight's race as an 8-1 shot.

## West Virginians Favored Saturday

## Geon, Merriman To Start For Ohio Grid All-Stars

West Virginia was installed an early favorite over Ohio today for the annual valley All-Star football game Saturday night in Wheeling as rival coaches announced their tentative starting lineups.

Tipping the scales in favor of the Mountaineers is Weirton's Bob Kelley, an all-state halfback who is rated one of the outstanding runners in the county.

Fast and elusive, Kelly led Weir High to the West Virginia Class AAA championship last year. The sensational Kelley has wrapped up the starting left halfback position for Coach Charles Helinski's West Virginia stars.

The tentative starting lineup for Coach Don Ault's Ohio squad includes end Mike Geon, 170-pounds, from East Liverpool, and rough and tough Roger Merriman, 185-pounds, of Wellsville High.

Merriman, who starred at guard for Wellsville last season, has been shifted to center. Both local gridders will start with the offensive teams.

Performing with West Virginia's squad at halfback is Gary Pugh, pint-sized halfback who was a standout last year under Coach Dom Amedeo of Chester High.

Pugh was not listed as a starter, but undoubtedly will see action as both coaches promised to use their full squad of 25 in the battle.

Ohio triumphed in last year's game, 7-6, on a dropkick extra point booted by John Bellopatrick of Mingo.

Other Ohio offensive starters will be Ken Holmes of Tiltonsville, end; Dennis Bowman of Bridgeport and Paul Hackett of Toronto, tackles; Norman Brutchy of Bellaire and Ed Fisher of Wintersville, guards; Paul Kenny of

Steubenville Central, quarterback; Rich Gatchel of Dillonvale and Jim Doty of Martins Ferry, halfbacks, and Jim Wilson of Wintersville or Tom Starks of St. Clairsville, fullback.

West Virginia's offensive lineup shows Ed Raper of Wheeling and MacArthur Williams of Weirton, ends; Gordon Heckner of Bishop Donahue and Jerry Drake of Moundsville, tackles; Mike Cicculella of Follansbee St. Anthony and Harry Burns of Weirton, guards; Tom Woods of Moundsville, center; Norman Whipkey of Cameron, quarterback; Chester Michael of Magnolia and Kelley of Weirton, halfbacks, and John Lapinsky of Wheeling, fullback.

The squads began tapering off today after scrimmages earlier this week at the West Liberty State College training camp.

## Palmer Favored In Insurance City Golf Event

HARTFORD, Conn. (AP) — A happy Arnold Palmer, he of the strong jaw and rugged muscles, is back at the Wethersfield Country Club today to compete in the \$30,000 Insurance City open golf tournament.

He loves to come here, and the feeling is mutual. It's a must stop for the famed pro.

The 1961 British Open champion from Latrobe, Pa., has never forgotten that he won his first American major prize as a pro in the ICO. It was his start on the road to riches and fame back in 1956.

Ever since, he's been the darling of the galleries during the annual four-day, 72-hole test, and has been worthy of it.

Last year, after winning the Masters and National Open, Palmer staged one of his come-from-behind victories to become the ICO's first double winner. Now he is a top favorite to win again over Wethersfield's par-71 6,548-yard exacting course.

# Tigers Rout Chisox But Yanks Win To Hold 3-Game Edge

## Indians Cop Behind Bell; Orioles Lose

By ED WILKS  
Associated Press Sports Writer  
Detroit turned a close game into a rout with a five-run ninth that beat the Chicago White Sox 8-2 Wednesday night and kept the Tigers within three games of first place New York in the American League. The Yankees won their seventh in a row by beating the Los Angeles Angels 2-0 on the four-hit pitching of Jim Coates.

Kansas City dropped third-place Baltimore 12½ games behind New York by beating the Orioles 2-1. Cleveland defeated Washington by 3-1 on Gary Bell's three-hitter, and Boston beat Minnesota 5-4.

Right-hander Frank Lary (16-6) pitched his 15th complete game, tops in the majors, for the Tigers, allowing just five hits. Rocky Colavito's 31st home run gave Detroit a 2-1 lead in the third inning, but Jim Landis then tied it in the fourth with his 16th home run. That's the way it stood until the eighth, when Al Kaline got to Cal McLish (7-11) for a homer.

The Tigers got their five in the ninth on six walks and a pair of two-run singles.

Ted Bowsfield (8-4) of the Angels held the Yankees hitless until Mickey Mantle led off the fifth inning with a single. The Mick came around on a single by Elston Howard and a sacrifice fly by Bill Skowron.

A single by Jim Rivera and Leo Posada's double gave the A's the winning run in the seventh inning at Baltimore against Jack Fisher (5-11). Jerry Walker (5-8) checked his former mates on four singles.

Bell (8-11) walked two and struck out eight while giving up a pair of singles and a first-inning home run by rookie Bud Zupfel. The Indians came from behind in the fourth, beating John Gabler (3-4) on Johnny Romano's two-run single.

Mike Fomelle saved it for the Red Sox, retiring Jose Valdivielso, Bill Tuttle and Ted Lepcio on five pitches in the ninth. Gene Conley (6-10) won it. Jack Kralick (10-8) was the loser.

**Negro Boycott Dropped; Colt, Steeler Game On**

ROANOKE, Va. (AP) — The segregated crowd at Saturday night's Baltimore Colt-Pittsburgh Steeler football game here will see Negro players in action, after all—because the game is a charity affair.

The National Association for the Advancement of Colored People, concluding that the charitable aspect of the game outweighed other considerations, late Wednesday withdrew its request that 19 Negroes on the two National Football League teams boycott the contest.

Promptly thereafter, NFL Commissioner Pete Rozelle gave the official go-ahead for the Negro players to compete, albeit reluctantly and with a warning that in the future he might not be so agreeable.

Both the NAACP and Rozelle obviously were influenced by the fact that charitable receipts of the game in Victory Stadium will be used to help both white and Negro sandlot teams in this area.

## Jay's Reds' Real Pal In Bid For NL Pennant

PHILADELPHIA (AP) — Pal Joey Jay has become the best pal the Cincinnati Reds have had in a long time in their bid for the National League pennant.

And why not? In seven seasons with the Milwaukee Braves before being traded to the Reds, Jay won a grand total of 24 games. Already, in his first year with the Reds, he's won 16, highest number of victories in the National League so far and second only to Whitey Ford's 19 for the American League Yankees.

The big right-hander picked up victory No. 16 in his third shutout Wednesday night with a six-hit, 5-0 win over the Philadelphia Phillies. It was the Reds 16th straight victory over the Phils this year, one short of the NL record set by Pittsburgh over the same Reds in 1936.

"I feel real fine," Jay said after the game. "This has been the best year of my major league career."

Jay, who was signed for a \$20,000 bonus in 1953 by the Braves when he was 18 years old, attributed his new found success

## Man In Track Assault Asks Probation

Judge Ralph Pryor of Hancock County Circuit Court Wednesday ordered that Donald E. Saunders, 31, of Wellsburg be held in the custody of Sheriff Joseph Many-penny until he decides whether or not to grant him a probation hearing.

Saunders was sentenced to 2-10 years in Moundsville Penitentiary on a charge of malicious assault, but has been out on bond since December pending an appeal.

However, yesterday, his counsel, William Conklin of Chester and Vito Capenaro of Weirton, told Judge Pryor they desired to abandon the appeal and wanted only a probation hearing.

Wednesday morning, the judge heard all witnesses for a probation hearing both for the defense and state and ordered that Saunders be held. He said he would issue a decision within the next few days.

Witnesses for the state included Hancock County Deputy Sheriff Ed Frankovich and Probation Officer John Grossi.

Saunders was found guilty of malicious assault on Stephen Yurka, a security guard at Waterford Park Race Track, by a jury in December. The incident involved an entrance sticker which Saunders questioned the authority of Yurka to take from him. Saunders was working at the track at the time.

An argument ensued and Saunders ran Yurka down with his car, pinning him to a wire fence. Saunders said he was hit on the head by Yurka and didn't recall running him down.

## Tribe's Not Playing Dead Yet In Race

CLEVELAND (AP) — Even though the Cleveland Indians' current three-game winning streak seems paltry compared to the nine game skein they had in May, it's an indication the Indians are not going to play dead despite the fact they're all but mathematically out of contention for first or second place in the American League.

Before its 3-1 victory over the Washington Senators Wednesday night on Gary Bell's three-hitter, Cleveland had not won three straight since it took three in a row from the Boston Red Sox in mid-July.

The only extra base hit off Bell (8-11) was rookie first baseman Bud Zupfel's solo homer in the first inning. After Marty Keough singled in the second, Bell pitched no-hit ball until Danny O'Connell opened the ninth with a single.

The Indians scored all their runs in the fourth off John Gabler. Tito Francona singled, Willie Kirkland followed suit and Bubba Phillips doubled to score Francona. John Romano then cracked a single to left for two more runs.

The Indians play the Cincinnati Reds in an exhibition game here tonight. The Reds are game behind the first place Los Angeles Dodgers in the National League race.

The game is an annual affair—the Cleveland baseball Federation Sandlot Day. Larry Patterson (5-5) and Tommy John (3-2), both of the Cleveland Dubuque farm team of the Mid-West Class D League, will hurl for the Indians.

WASHINGTON (AP) — The Browns, who wound up the 1960-61 National Football League campaign Jan. 7 with a one-point loss to the Detroit Lions, meet the Lions Friday night for their first game of the new season.

The exhibition in Detroit will feature pretty much the same casts that performed in the play-off bowl at Miami, when the Lions won 17-16.

The Lions had one of the best defensive teams and the Browns one of the best offensive squads in the NFL last year. Both teams have added new faces but rely on talented veterans.

Leading the Cleveland attack, as they did last season, will be fullback Jimmy Brown, halfback Bobby Mitchell and quarterback Milt Plum. They will face the same stout Detroit defense that scored two shutouts last season and permitted an average of only 17.5 points per game.

The Detroit defense, including Dick (Night Train) Lane, Bruce Maher, Carl Bretschneider, Roger Brown, Joe Schmidt, Darris McCord, Bill Glass, Alex Karras, Yale Lary and Gary Lowe, are expected to give the Cleveland offense a stern test.

The Browns scheduled a short workout today before heading for Detroit.

MORGANTOWN (AP) — Frank Federovitch, who resigned as an assistant football coach at West Virginia University yesterday, probably won't be replaced.

Athletic Director Robert N. (Red) Brown said Federovitch, a member of the WVU staff for three years, will be married Saturday to Miss Mary Ellen Hozdie of Morgantown. The couple will live in New Jersey where she has been teaching.

Federovitch was a defensive guard at WVU from the 1951-53 teams.

## Former Pirate Product Sinks Buc Ship Deeper

PITTSBURGH (AP) — The Pittsburgh Pirates are further down in sixth place today, thanks to a product of their farm system.

St. Louis' Julian Javier provided the blow that shoved the Pirates 1½ games behind the fifth-place Cardinals Friday night. It was a bases-loaded home run in the eighth inning that gave the Cards a 4-0 victory over the Pirates.

Javier was in the Pirates' farm system until early last season. He went to the Cards in the trade that brought Wilmer Mizell to Pittsburgh. He was hitting .288 with Columbus of the International League at the time of the deal.

Before the second baseman's opposite-field homer, his second of the season, Joe Gibbon and Curt Simmons were knotted in a tight lefthanded battle.

Gibbon was breezing along with a four-hitter through the first seven innings. Simmons had a

## East Enders Win Title In City Softball

The East End Merchants wrapped up the 1961 City Softball League title Wednesday by defeating the Wellsville Merchants, 7-2, behind the pitching of Ken Talbott, who won his fifth straight without a defeat. He struck out five and didn't issue a free pass.

Potts and Dawson nicked Ratkovich for four of the five East End bingles. Potters stroking two doubles and Dawson a double and a single. Hulme had the only other safety for the champions. Ratkovich fanned four and walked two.

The champs tallied once in the first, three in the second to wrap it up and came back with another pair in the fourth. Wellsville tallied once in the third and another in the fifth. Huell blasted a triple for the losers and Ratkovich pounded out a double.

The East End-APV game will be replayed from the last of the sixth with East End leading, 5-3, and the bases loaded and McMullar batting with the count 2-2 and two out.

## Semi-Retired Net Star Practicing With Vic Seixas

SOUTH ORANGE, N.J. (AP) — Mike Green, the onetime Davis Cup candidate, now is semi-retired from tennis competition. But he's doing the next best thing—practicing regularly with former Davis Cup warhorse Vic Seixas.

"I'm living in Philadelphia now," said Green, a graduate student at the University of Pennsylvania. "I've only played two tournaments before this but practicing with Vic has kept me sharp."

Green was sharp enough Wednesday to eliminate third-seeded Jack Douglas, the Marine corporal from Santa Monica, Calif., 6-1, 6-3, and advance to the quarter-finals of the Eastern Grass Court Championships against Frank Froehling.

The 19-year-old Froehling, Coral Gables, Fla., also scored an upset, 6-8, 6-2, 6-3 over seventh-seeded Whitney Reed, the veteran campaigner from Alameda, Calif. in the other upper-half quarter-final.

MORGANTOWN (AP) — Frank Federovitch, who resigned as an assistant football coach at West Virginia University yesterday, probably won't be replaced.

Coach Gene Corum said he has no immediate plans to name a successor. Federovitch's departure leaves Corum with five assistants, including two line coaches. Federovitch also was a line coach.

Athletic Director Robert N. (Red) Brown said Federovitch, a member of the WVU staff for three years, will be married Saturday to Miss Mary Ellen Hozdie of Morgantown. The couple will live in New Jersey where she has been teaching.

Federovitch was a defensive guard at WVU from the 1951-53 teams.

## Man In Track Assault Asks Probation

Judge Ralph Pryor of Hancock County Circuit Court Wednesday ordered that Donald E. Saunders, 31, of Wellsburg be held in the custody of Sheriff Joseph Many-penny until he decides whether or not to grant him a probation hearing.

Saunders was sentenced to 2-10 years in Moundsville Penitentiary on a charge of malicious assault, but has been out on bond since December pending an appeal.

However, yesterday, his counsel, William Conklin of Chester and Vito Capenaro of Weirton, told Judge Pryor they desired to abandon the appeal and wanted only a probation hearing.

Wednesday morning, the judge heard all witnesses for a probation hearing both for the defense and state and ordered that Saunders be held. He said he would issue a decision within the next few days.

Witnesses for the state included Hancock County Deputy Sheriff Ed Frankovich and Probation Officer John Grossi.

Saunders was found guilty of malicious assault on Stephen Yurka, a security guard at Waterford Park Race Track, by a jury in December. The incident involved an entrance sticker which Saunders questioned the authority of Yurka to take from him. Saunders was working at the track at the time.

An argument ensued and Saunders ran Yurka down with his car, pinning him to a wire fence. Saunders said he was hit on the head by Yurka and didn't recall running him down.

# Bringing Up A Family

By GARRY C. MEYERS

## Creative Child Shows Imagination

Often I have urged parents to take down the improvised yarns and rhymes of their very young child. Mrs. Ruby Lyte, 2552 Euclid Avenue, Monroeville, California, sent me a large number of such creations by her child. Writes Mrs. Lyte: "When Monica was very young, two and three, she and I liked to make up stories about dolls and animals and sometimes walked around in a circle as she talked. I took them down in shorthand without her knowledge. Her poems were usually sung to improvised tunes."

**SHE IS 10** now, still making up stories. You have my permission to use our real names, as you requested."

A few samples of verse from Monica:

Days (At Age 2)  
"What shall I do  
On this beautiful day?  
I'm just dreaming  
About days and days.  
Do the days ever stop going away?  
Don't they ever come to an end?"

Mother (3 Years, 6 Months)  
"You're sweeter than the sun-light

In the daytime.  
And sweeter than the moon at night."  
The Forest (4 Years, 7 Months)  
"In the forest at night  
When the moon shines bright,  
The sun is on the other side of the world."  
Books (5 Years, 11 Months)  
"Now I am in the world of books.  
I have books galore  
All over the floor.  
Books are so wonderful!  
You can even go to fairyland in them."

"RAINY DAYS indoors That's the day I like. I feel so cozy and at home when I can stay indoors and draw and don't have my hair combed or get dressed or anything and can listen to Carmen." Age 3 years, 7 months.  
"I drew a picture in the air with my finger. It's a picture of a girl. There's her head, her thorax, and her abdomen. You can't see her because she is invisible. Only I can see her." Age 3 years, 9 months.  
"Santa Claus's helper told me that mothers were not to spank their children and daddys were to read to their little girls, two, three, 100 times a night." Age 3 years, 11 months.

# Man Draws Fine In Truck 'Attack'

A Wellsville man who dented another man's truck with a tire iron was fined \$10 and costs for malicious destruction of property at a hearing Wednesday afternoon by Jefferson County Judge Helen Huntsman of Toronto.

The incident occurred Tuesday at 4:20 a. m. at the Yellow Creek tower of the Pennsylvania Railroad.

Deputy Thomas Blackburn of Irondale, who investigated, said Urie, a former tower operator, had been dismissed by the railroad and replaced in the tower by Drysdale.

Urie drove to the tower early Tuesday morning and found Drysdale's pickup truck parked along

# Ann Landers

## ANSWERS YOUR PROBLEMS

Dear Ann Landers: My husband is the top man in his company and our friends envy our family life. To outsiders it appears ideal. My husband doesn't think we have a problem, but I don't agree.

Our 8-year-old son is bossed by his two sisters and he is unable to hold his own with other boys. I feel he needs time and attention from his father. His father says he is doing his share by being home every night.

Last week I kept track and he didn't have one friendly conversation with the boy. He answered a few questions curtly and then said, "Leave me alone so I can have some peace and quiet."

I fear one day there will be regrets and it will be too late. How about this?—D.M.

Dear D.M.: A father who doesn't speak to his children can be replaced by a clothing store dummy.

Every male child needs the companionship of a grown man so he can learn first hand how men do things. A boy whose early life is spent primarily with sisters and mother can grow up to be girlish.

Your husband should begin at once to establish some communication with his son. It's later than he thinks.

### Jungle Jim

Dear Ann: My 18-year-old niece became engaged to a baboon type who is also 18 and still riding around on a bicycle. Both kids were graduated from high school in June and are working at a supermarket.

We invited them over to dinner last night and they talked baby talk and couldn't keep their hands off each other.

My teen-age children commented when the couple left that they behaved like donkeys. I decided to phone my sister and tell her to straighten these kids out. She was indignant and said I was narrow minded.

According to her, young love is beautiful and there is nothing wrong with expressing it openly. Comment please.—O.B.

Dear O.B.: Young love is beautiful, but what you describe is not love, or even a reasonable facsimile. Kids lollygagging and pawing each other is plain

revolting. Unsolicited advice usually is unwelcome and often unwise—but the viewpoint you expressed is completely sound.

### Inquisitive Miss

Dear Ann: I'm a bachelor in my early 30s and not jerky enough to ask you to pick out a wife for me, but a frank answer to my question would help.

I've dated all types, from 20 to 40, and I'm just about ready to make a choice. The one I want is 24. She's not interested in looks, fast talk or foolishness.

She told me before she marries a man she will insist on knowing how much he makes, what he has in the bank, what he owes, what his financial responsibilities to his mother are, what kind of insurance he has, how much he wants to spend for rent, a ring, etc. In other words, she wants to know everything.

I asked her if a man's character counts and she said, "You bet. But I can learn about that from his behavior." Does she sound too commercial?—HARRY.

Dear Harry: She sounds pretty sensible to me. A woman has the right to know the answers to all these things before she marries. The divorce courts are crowded with couples who failed to settle finances in advance.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

## 9 Candidates Seek School Board Posts

(Continued from Page One)

number ever to seek a school post here. In 1953 when the controversy raged over the location of two new schools, eight sought three posts with five asking two full terms and three bidding for an unexpired term.

The three women are believed to be the first to seek a school post in nearly 30 years. The late Miss Florence Updegraff, former high school principal, served a four-year term from 1930-33.

Fitch has resided in East Liverpool for about 18 years, coming here from Tennessee. He is employed at the Midland Works of the Crucible Steel Co.

He is a member of the Second Baptist Church and director of the Young Peoples' Choir and a member of Veterans of Foreign Wars Post 9285 in Wellsville. Fitch is married and has two children attending city schools.

It will be Allison's second bid for a school post. He ran unsuccessfully two years ago.

The increased interest in education also is evident in other communities with races assured for all but three of the county's 13 boards. Nine filed for the Columbiana exempted village board and seven are seeking seats on the Salem board.

Wellsville voters will choose between Russell S. Dysert, incumbent, and William F. Ferrall and William T. Pickens for two posts. David T. Brookman did not seek re-election.

Beaver Local is one of three boards, all in the county system, in which the two candidates have no opposition. Arnold Green and Paul Dailey filed for new terms. Green is a "double" candidate, also seeking re-election as Rogers village treasurer.

The other boards with no contests are Fairfield Local and Southern Local.

Four filed for three seats on the County Board of Education. They include Atty. Donald W. Elliott of Rogers and L. Olan Sanor of near New Alexander, incumbents, and Allan G. Chamberlin of Leetonia R. D. 2 and Bert W. Keck of New Waterford. Ben Weingart of Leetonia announced sometime ago he would not seek another term.

Here are the board candidates in the various districts with the number in parentheses showing how many are to be elected:

### Beaver Local Enrollment To Hit 2,300

An enrollment of 2,300 students in Beaver Local School District is anticipated for the opening of classes Sept. 6, according to officials, who said the figure is 100 over last term and the biggest attendance to date.

Fifteen new high school students who have moved into the district this summer registered this week, and there are at least 25 such students altogether.

The fall enrollment at the high school will be over 550, compared to 526 in 1960-61, and the enrollment at the Public School is expected to hit 810, up from the 765 of last spring.

George VanHorne, executive head, said enrollment expected at other schools includes 450 at Calcutta, 200 at Rogers, 160 at West Point at Elkton.

The total enrollment will be more than 100 above the 2,200 of last term, he said.

Lee Kirkland, high school principal, said new students still may register at the high school this week from 8 a. m. to 3:30 p. m.

There will be three new teachers at the high school — Miss Cheryl Schleiter of Chester, former teacher at Washington, Pa., sophomore English, Miss Lynda McClung of Chester, former South Side High School instructor, home economics and English, and William McGinty of Newell, who taught at South Side last term, due to return to Beaver Local as a mathematics instructor.

New instructors at the Public School will include Mrs. Thelma Anderson of New Waterford, seventh and eighth grade language arts; Robert Donaldson of East Liverpool, seventh grade language arts; Carl Prutton of Salem, eighth grade social studies; Eugene McFarland of Pittsburgh, language arts in the seventh grade, and Mrs. Romona Campbell of Glenmoor, who returns to teach sixth grade.

Orlando Giovanatto, who taught at the high school last term, will be an eighth grade instructor at the Public School, and Donald Campbell of Newell who previously taught at West Point, will be sixth grade teacher at the Public School. Miss Martha Finney has been transferred from Elkton to the fifth grade at the Public School.

Mrs. Gertrude Rosengreen, who taught at Rogers, has been transferred to Calcutta. Patsy Julius, former Ravenna instructor, is new principal at Calcutta.

New teachers at West Point School will be Miss Juanita Allford of West Point and Robert Thomas of Chester.

Andrew Lepock, former teacher at the Public School, is new principal at Elkton.

VanHorne said teachers still are needed for a post at Rogers and the industrial arts shop at the high school.

The Board of Education will meet Monday night at 8 at the Public School to discuss plans for the opening of school along with studying coal and bread bids.

**Goldwater To Speak**  
CANTON, Ohio (AP)—Sen. Barry M. Goldwater of Arizona, leader of the nation's conservative Republicans, will speak at Meyers Lake Park Sept. 13. He will make the keynote address at the 10th annual dinner meeting honoring U. S. Rep. Frank T. Bow of the 16th Congressional District. Bow is the district's only representative ever elected to six consecutive terms.

Out Of The Air

By MARIE TORRE

Ernie Kovacs Answers Questions

Marie Torre is on vacation. Today Ernie Kovacs answers questions about TV.

Q. Is there greater acceptance for your offbeat humor this season than there was in other years?

A. There is not only a greater acceptance this season but what really worries me is that people are beginning to understand it. In former years the acceptance of what I was doing was limited, mostly to two or three other shows who, in order to show their real appreciation, appropriated much of the material either in its original form or, if it was a little complicated, gave it a variation. So, you see, actually there was an acceptance before this season.

Q. What's your opinion of most comedy on TV?

A. First, I would like to say that I am not qualified to answer the question. Actually, I don't think anyone is qualified to answer a question that generalizes comedy. Comedy is something specific to the individual, to a particular race, to a particular nationality. I have some friends who feel that the heights reached by Potash and Permuter have never since been touched and, on the other hand, I have friends who chortle ecstatically at jokes in which the punch line is a misplacement of a square root in an equation for nuclear fission. This latter group thinks Potash is funny only when used as a catalyst in hydrogen gas experiments.

Q. You were off TV for awhile. What prompted you to return?

A. I missed the smell of the orthicon tube, the lights, the sponsor.

Q. Do you, as a former New Yorker who fled to the coast, feel that Los Angeles one day will become the television center of the United States?

A. If it does, I'll move. I don't want those darned cables running all over the lawn.

Q. Would you ever consider returning to New York?

A. I would rather not return to New York. I love living in slacks and old sport shirts. I am thoroughly in love with California, but not sufficiently intelligent to know objectively whether or not it is because of the kindnesses shown me and a moderate amount of success. I do know I am at the moment thoroughly convinced that I've never been as happy living any place else.

Q. What are your TV commitments for next season? And movies?

A. They are the best that have been imminent since I started in the entertainment business in 1936 because I finally have been able to convince some of the major studios that my main interest is

in writing and directing. I have been directing my series of specials and Jack Warner has promised me a picture and has asked for an option for three more; and Alec Guinness wants to do a screen treatment I wrote, which I will direct and produce. There are four pictures scheduled in which I am to act. However, I feel that if I turn on a charming smile and get the major personalities in the transactions sufficiently drunk, I will be able to talk them out of it.

Q. Do you find picture making professionally more rewarding than TV?

A. As an actor there isn't a lot more difference because the same factors determine how rewarding it is; that is, if it has a good director, sufficient budget, and if you like the people with whom you are working. I think from a directorial viewpoint, the picture business is more rewarding. The specials I have been doing for the most part were shot in one day. I sat in the control booth for as much as 27 and 28 hours and a control booth after 27 hours takes on the aroma of a locker room after a frantic basketball game. One of the guests who was at the house watching the show subsequently on television was Sam Goldwyn, a man of whom I have become very fond and whom I respect a great deal. Sam asked me, after we had seen the show, how long it took me to shoot it. I told him I had spent over a full day on it. He looked at me a little and then said, "That would take a year to shoot in the motion picture industry."

4 Men Fined For Damage To Buildings

SALEM — Four Salem men pleaded guilty to defacing property and breaking windows in several buildings in the county in a wave of vandalism late in July and were fined \$25 and costs each and sentenced to three months in jail at a hearing before county Judge Luther Donbar Wednesday.

Jail sentences were suspended on condition of good behavior for the next three months.

The men must make restitution for the damage and report to the court weekly during the probation period.

The men involved were Albert Schmauch, 19; James F. Dillon, 19; Thomas W. Earl, 22, and Luther N. Griggs, 19.

A fifth, Thomas Shaffer, also has been implicated, and a warrant for his arrest was issued yesterday.

Schmauch, Dillon and Earl all pleaded guilty to breaking windows at Zeiglers' Market south of Salem on Route 45, the Normandie Isle Dairy on Route 45 north of Lisbon, and Miller's IGA Store in Hanoverton.

Griggs was not implicated in the vandalism at Miller's IGA.

The affidavits were signed by sheriff Russell VanFossan. A hearing scheduled yesterday afternoon for six Alliance men charged with creating a disturbance, using profane language and committing assault on Paul Wait, manager of the Park Drive-In Theater on Route 62 west of Salem, July 27 was postponed until next Wednesday.

Judge Donbar said the postponement was requested by Wait's attorney.

Four men who pleaded innocent to the charges before Judge Donbar on July 31 are Henry Cananich, 19; James Facchini, 19; Mike Cantwell, 20, and Robert James, 19.

Lewis Myers and Ronald Long, also implicated in the case, are scheduled to appear at the hearing next Wednesday.

Awards were also presented to Mrs. Mary Peachey and Donald Hutchison.

Gray reported on membership growth, and said the goal is 1,300. Refreshments were served by Mr. and Mrs. Jones.

69 To Seek Posts In Small Villages

Sixty-nine non-partisan candidates have filed for posts in the county's six smaller villages, the County Election Board said today.

It will mark the first time in many years that Salineville will name its village officials without party labels.

When its population fell below 2,000 in the 1960 census, it dropped to the status of a "smaller village," which bypasses primaries and elects on a non-partisan basis.

SALINEVILLE has a contest for all offices except treasurer, where Myrtle T. Strabley is unopposed, and the Board of Public Affairs.

There are no contests in neighboring Summitville and Washingtonville also lacks a race and apparently will name three to Council on the basis of write-in votes at the Nov. 7 election.

Rogers has a contest for mayor but none for clerk or treasurer and only two filed for six Council seats. The only contest in New Waterford is for Council where seven filed.

Hanoverton has the most candidates with a race for every office, including Council with 11 seeking six posts. Here are the slates:

HANOVERTON

Mayor — Howard W. Hart and Henry F. Loudon.

Clerk — Lee E. Bowman and Jean Hillyer.

Treasurer — Leland E. Faloan and Betty Garlock.

Council (6) — Melvin McKarns, John D. Lindsmith, Herman Ziegler, William R. McGranahan, Harry Drake, George H. Wilson, Joseph P. Wilson, Arthur Kibler, J. A. Marquis, Raymond R. Russell and Harry M. Reeder.

NEW WATERFORD

Mayor — William E. Ferguson.

Judge Given West Virginia Reward Case

CHARLESTON W. Va. (AP) — The issue of who is entitled to share in the \$35,000 reward for solution of the statehouse robbery last summer has been placed squarely in the hands of U.S. District Judge John A. Field Jr.

The Maryland Casualty Co., which offered the reward for return of the \$351,000 stolen from the Department of Motor Vehicles, has filed an interpleader with the court. It asks that prosecution of the suit brought by Mrs. Opal Keifer be stayed and that it be discharged of liability with regard to payment of claims.

The company said the conflicting claims of 10 individuals are such as to make it impossible for it to decide which are truly valid. Prosecution of the claim asserted by Mrs. Keifer in her suit filed last month has been stayed pending outcome of the latest action.

Among defendants in addition to Mrs. Keifer are Beer Commissioner G. T. Davis Jr., former investigator for the Kanawha County prosecutor's office; Mrs. Hildegard Mathews, wife of Earl Mathews, who was convicted in the theft, and Mrs. Mary McIntyre.

A three-man commission appointed by the insurance company awarded \$5,000 of the reward to Mrs. Mathews, \$10,000 to Mrs. McIntyre and the remainder to Davis.

Mrs. Edith Tyjeski of Mantua is visiting her cousin, Mrs. Vera Frampton, and family.

Carol Williamson is visiting her brother-in-law and sister, Mr. and Mrs. Gary Burgett, in Columbus.

Mr. and Mrs. William Stewart and family have moved from Stone Quarry Rd. to Wellsville. Mr. and Mrs. Wayne Myers and son have moved from Winterville to the property recently vacated by the Stewarts.

Mrs. Ernest Lawrence has resumed her duties at the Post Office after a recent illness.

Ham Ranks High On Specials For This Weekend

By The Associated Press  
Ham, a traditional hot weather favorite, ranks high this week among weekend specials offered by supermarkets and neighborhood stores.

Other pork cuts on the bargain list include chops, loins and smoked butts.

Beef specials include chuck, rib and pot roasts, standing ribs and sirloin steak.

Lamb legs are featured in widely scattered areas.

In the fowl department, the specials are frying chickens, barbecued chickens, chicken parts, ducks and turkeys.

Scallops are the most widely advertised fish items.

While lettuce currently is among the best vegetable buys, its price is expected to go up, making salads more costly.

## Korean Vets Can Get Cheaper Insurance

Veterans of the Korean Conflict with a term insurance policy with the letters "RS" before the policy number can exchange the term policy for one that may cost two-thirds less in premiums, having the same protection, according to the regional office of the Veterans Administration.

The VA has reduced the rates charged for the protection under those policies because veterans are living longer than the actuaries who calculated the risks on the "RS" policies thought they would.

For further information, phone or visit A. G. Bille, contact representative - in - charge, Veterans Administration Office, 227 N. 5th St., Steubenville.
